Garage Doors Designed for Life

Shown:
Sheridan XL White

The Kanata Collection™

Combines style, durability and environmental friendliness. Polyurethane insulation is foamed in place, which ensures a consistent density and significant panel strength. With a 1^{3/4}" (44.5mm) thickness, R-value of 16.3, enhanced tongue and groove joint and a true thermal break, the Kanata Collection is an excellent choice for those who are looking for a high-quality, energy efficient residential garage door.

Sheridan XL Bronze

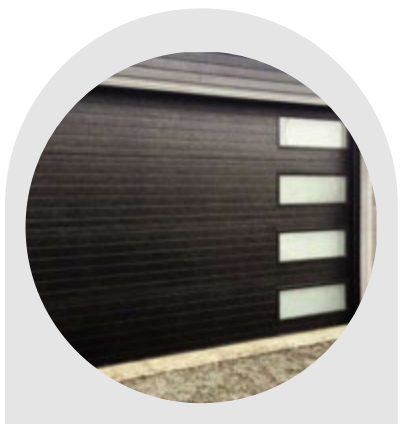

The Kanata Collection™

Upwardor offers several design and decorative insert options, adding a custom touch to your garage door. Window inserts are interchangeable, providing a classic or decorative look to complement and add value to your home. Frames and inserts are carefully colour-matched and are UV protected.

Features and Options

- High-quality, versatile and eco-friendly
- With a built-in thermal break, this door is suitable for both cold and warm climates
- Multiple glazing window and insert options add value to any home
- Available in six designs: long and short raised panel, long and short carriage house, ribbed panel and flush versions

Denison White

The Craft Series™

Our premium residential offering, representing the ultimate in style, durability and environmental friendliness. The three-section, 1^{3/4}" (44.5mm) thick, taller panel design with an R-value of 16.3 appeals to the discerning homeowner who wants a distinct look without having to make compromises on the quality of their garage door.

Features and Options

- 26-gauge, pebble embossed exterior and interior steel back sheet
- Environmentally-friendly polyurethane insulation, 100% CFC free
- Built-in thermal break prevents cold/heat transfer from the exterior to the interior of the door
